Makes a plant much like the common Hydrangea, but blooms with pur- est snow-white flowers, shaped much like the Snowball flower, but much larger and more attractive. Nothing in the hardy shrub line approaches it in freedom of bloom, duration of flower, and value as a cut flower, or as a plant for single specimens or groupings. Price, strong two-and-one-half-inch pot plants, 50 cents per dozen; $1.00 per hundred; $3.00 per thousand.
